March 9, 2004

WATER DEPARTMENT POLICIES

Water Main Extensions: Installation of water services beyond the end of an existing water main will not be allowed; no water service will be provided to any property that does not directly abut the street where a water main is located. The main must be extended (including necessary hydrant and appurtenance) to the furthest limit of the applicant's property. All cost shall be paid by the applicant. Water mains shall be looped when required by the department.

At the March 9, 2004 Commissioners Meeting, the Board of Water Commissioners unanimously voted to accept the Water Main Extension Policy as stated above.
