**“CALL-FOR-INSPECTIONS” POLICY
DURING SNOW AND COLD WEATHER**

When a call for inspection is received, it is scheduled for the appropriate Inspector on the next posted inspection day.

**You are responsible to provide
CLEAR AND SAFE SITE ACCESS**

Before you call to schedule an inspection, consider the existing site condition:

- 1) Is there clear vehicle access onto the inspection site?
- 2) Are pathways, slopes, stairs and platforms clear of snow and ice, and sanded or treated to provide safe traction underfoot for the code official?

If in the determination of the code official safe site access is compromised, the inspection will be canceled. You must call to reschedule the same inspection before proceeding with the work. A reinspection fee may apply.
